Children's Mobility Assessments

Expert assessments with our therapy team,
so each child can be as independently
mobile as possible

QEF

**Queen Elizabeth's
Foundation for
Disabled People**

QEF provides a range of assessment services for disabled children, helping to find the right mobility equipment for each child so they can be as independent as possible, travel, play and have fun with friends and siblings.

Assessments include:

- Powered and manual wheelchairs
- Car seats
- Transfer and Seating
- Trikes and Bikes
- QEF Tryb4uFly for families looking to travel by air
- Driving lessons for 15+: learn to drive after an assessment to establish what car adaptations may be necessary. Theory test tuition is also available.
